I sent an email to the City of Airdrie website, discussing door hangers in Airdrie. The reply I received is attached below. 'No flyers' signs do not work..I have tried that.

I was recently on a five week vacation and have security cameras on my house, and lights on timers to deter criminals. During this time, my son had to stop by my house a number of times, after work, to remove door hangers so that it was not obvious that I was away. I refuse to support anyone who places door knockers on my door and I call them to say that.

I do not appreciate crooks being able to watch my house and see that I haven't removed door hangers. With crime and break-ins increasing in this City, I think that the council should revisit the bylaw that could prevent door hangers. The door hangers also end up all over my lawn when its windy causing the neighbourhood to look awful.
