

## **COMMUNITY INFRASTRUCTURE & STRATEGIC GROWTH – AGENDA REPORT**

**Meeting Date:** 10 December 2024

**Subject:** Overview of Community Infrastructure and Strategic Growth and Investment Departments

**Directorate:** Strategic Growth and Investment  
Community Infrastructure

---

**Issue:**

Administration is presenting an overview of the Community Infrastructure business units and the Strategic Growth and Investment business units.

**Policy / Council Direction:**

Council adopted the Procedure Bylaw and the Committees Bylaw on March 18, 2024, as well as the enabled policies that established the Community Infrastructure and Strategic Growth and Investment Committee (CISG). The nature of the scope and operations of the various business units has value for committee members.

**Background:**

The City Manager effected a reorganization of business units under respective directors in September 2023. This established the Community Infrastructure directorate under Lorne Stevens and the Strategic Growth and Investment directorate under Stephen Utz.

The scope of the CISG governance committee is aligned with the business units under these respective directorates, and Administration endeavours to provide an overview of the business units, the leadership, and the relationships between the directorate areas as part of the presentation to CISG.

**Administration Recommendation:**

That the Community Infrastructure and Strategic Growth Committee accepts this report and presentation for information.

**Alternatives/Implications:**

No alternatives are applicable to this report and the recommendation.

**Budget Implications:**

There are no budgetary impacts from this report and presentation.

**Communications and Engagement:**

This report and presentation communicate the scope of the business units that align with CISG.

**Recommendation:**

That the Community Infrastructure and Strategic Growth Committee accepts this report and presentation for information.

---

Stephen Utz, RPP, MCIP  
Director of Strategic Growth & Investment

Lorne Stevens  
Director of Community Infrastructure
