Office of the Mayor & City Council
The City of Airdrie
400 Main Street SE
Airdrie, AB
T4B 3C3

Dear Mayor Peter Brown & City Council:

We are writing to respectfully request that the city of Airdrie proclaim May 2025 as GBS/CIDP Awareness Month. The Month of May, has been internationally designated as "GBS and CIDP Awareness Month" to educate the public and to focus attention on these rare conditions. The GBS/CIDP Foundation of Canada is a national, not for profit patient organization that supports patients and families afflicted with Guillain-Barré Syndrome, Chronic Inflammatory Demyelinating Polyneuropathy, and variants such as Multifocal Motor Neuropathy. We serve patients through support, education, research and advocacy.

GBS has a sudden onset of symptoms, which can cause complete paralysis within a day. Recovery can be unpredictable, patients and their families face an uncertain future, usually requiring months of hospital care without knowing if or when they will recover, or whether they will face long-term disabilities. Earlier diagnosis, treatment, and access to rehabilitation services can improve the chances of avoiding permanent lifelong residual damage of the nerves. The cause of these conditions is unknown, and can develop in any person, regardless of age, gender or ethnic background

We are working to raise awareness of these rare conditions so that future patients get help sooner and will know that our organization is here to provide hope. We provide support and information through trained volunteers, our website, materials provided to hospitals, and organize local and online peer-to-peer support group meetings. We provide patient educational events and build awareness within the medical community. We advocate for access to diagnosis and appropriate treatment, and also support Canadian research that aims to improve the quality of life of GBS, CIDP, and their variants.

While considered rare diseases, in Canada GBS affects 2 in 100,000, and in Zika outbreaks 9-24 in 100,000. CIDP affects 5-7 in 100,000. For more information: www.gbscidp.ca
Please let us know if there is anything further you require for our proclamation request to be approved for this year and for subsequent years.

Please see the attached email or application from Jaylene MacDonald. Jaylene is a GBS patient and a liaison with the foundation. We are supporting patients in your community.

Thank you for your consideration.

Kim Brooks
